

## Bylandt keiformaat

Keiformaten van Bylandt in vormbak behoren tot de meest toegepaste stenen in de infra. Natuurlijk qua uiterlijk en leverbaar in verschillende kleuren. Meestal gecombineerd met dikformaten.

Uiteraard is uw eigen fantasie hierin de eventuele beperking, want de combinaties met andere vormbak- en strengpersstenen zijn legio.

### Afmetingen en productvarianten

206x102x80 mm - ca. 48 st/m<sup>2</sup>

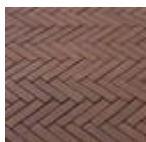

Hoofddorp, keiformaat Terra Rossa en Terra Anthra
